Subject: Thank you! Thank you! Thank you!

Hi Scott,

I finally now have some time to write you a note to thank you for the wonderful job you did as DJ at Emily and Nick (Gauger's!) wedding! It was truly amazing how smoothly things went, and you were a big part of that. We were so impressed with your professional and upbeat demeanor during the ceremony, reception and dance. You provided everything you promised, and more! It was so helpful to have you working with the venue director (Janelle) and the caterer to coordinate the seating of guests, announcement of the bridal party, and the toasts and candle ceremony. Your equipment was top notch; the sound system made it possible for all of our guests to hear the wedding ceremony and vows in our grand outdoor setting.

Your choice of music for the reception and dinner was excellent. Many people have commented on your skills and reported to us that you were the best DJ they had ever seen at a wedding. (Several also commented on how nice you looked in your tuxedo!) We knew that our outdoor setting would require a good sound system and someone to give direction to our guests; you were able to keep it all calm and well organized. Ann especially liked the fact that you let her table go first!

The slide show went without a hitch and the quality of your equipment and expertise was obvious. I was also amazed at how quickly you were able to relocate from the ceremony on the hill, down to the courtyard for the reception and then down the driveway to the dance pavilion. Pretty smooth!

The wedding dance could not have been more fun for us all. You were spinning discs and keeping the crowd on the dance floor like the pro that you are. Em and Nick really appreciated that you stuck to their requests and also "played the crowd" so well. We are still in a dream world listening the their wedding CD music and reliving that wonderful evening.

Thanks again for helping us bring the dreams into reality. Please put us on your reference list as we would be happy to recommend you to anyone planning an event and wanting high quality sound and professional service. We will definitely keep you in mind for our next wedding (do you have any younger brothers?) :-)

Thanks again and bless you,
Lisa Wachholz
